# In wird mei op reis.*)

Mei in wird fen tank oan al dyjinge, dy ús stipe habbe, stjûr ik dit Lieteboek de wrâld yn. Wy habbe in bulte frjeonen for ús wirk foun; fen de measten fynt men de nammen op it titelblêd; mar der binne yet folle mear, dy ús sangen en muzyk tastjûrd hiene. Wy hiene to kiezen út folle goeds; by dy kar hiene wy allinne it wyt fen ús boek yn it each to hâlden, en al scille wy grif wol ris mis wêst habbe by 't skiftsjen, dochs hoopje wy, det gjin ien it ús kwea nimme scil, as er syn wirk net ûnder dizze sangen fynt. Oer de smaek kin men net tsiere, mar ús wird fen tank jildt *alle* frjeonen fen ús boek.

Elts fers, dat him goed lêze lit, kin dêrom lang altiid net songen wirde — dêrfendinne komt it, det de measte opnomde sangen, dy tofoaren al ris printe wêst habbe, faek hwet foroare binne. It hat myn doel wêst, de fersen sjongsom to meitsen: hja binne dêrtroch as *fers* wol ris minder wirden.

Fen de sangen is No. 4 frij nei 't Hollânsk fen Lovendaal; No. 10 nei 't bikinde „Spinstertje" biwirke; No. 15 is nei 't Dútske „Auf Matrosen, die Anker gelichtet"; No. 20 is fen fierens nei 't Dútsk; No. 22 is in oersetting fen it Ingelske „The banks of Allan Water"; No. 38 is yn 'e trant fen „Pibe en Auk"; No. 41 is in oersetting fen „Die Lerchen" fen Hamerling; No. 42 is frij biärbeide nei it Hollânsk fen Speijer; it earste fers fen No. 49 is nei it Ingelske liet „On the banks of the blue Moselle", en yn 'e wirden fen No. 59 fynt men licht hwet fen „Home, sweet home" werom. Dit, hwet de wirden oangiet.

De wizen, hwêr de nammen fen ús meiwirkers boppe steane, binne allegearre nij. Sa ek de wizen fen de Nos. 1, 2, 8, 23, 38, 40, 50 en 53. Dêr wy gjin pianolieding hiene, hat de Hear P. H. de Groot dy levere; lykwols is de pianolieding by No. 53 en No 56 fen de Hear M. de Boer to Drachten.

Sa witte jimme, Fryske sjongers en sjongsters, sahwet, hwet it Nij Frysk Lieteboek, dat rou de stap sette scil troch ús fjilden, yn 'e marse het.

It bêste wird, dat ik ús boek mei op reis jaen kin, is in waerm wird fen tank oan Jo, achte frjeon de Groot! Jy witte de libbensskiednisse fen disse reisger, dy, nei in jonkheid fol noed en soarch, fen doel is, sjongende en spyljende fen doarp ta doarp to gean. Hwet kin ik Jo — en dêrmei mysels — better tawinskje, as det de ljue syn lûd net ûnsuver fine meije yn it lân, dêr Jy troch dit wirk it boargerskip fortsjinne ha? Bliuw lang yette biwarre for de kinst, dêr Jy yn en for libje!

Elk en ien, dy de ynhâld fen dit wirk neigiet, achte frjeon Halbertsma, scil sjên kinne, hwet Jy as dichter en sjonger, mei wird en muzyk, for it Lieteboek dien habbe. Myn tank for Jou muzyk by de fersen út „It jonge Fryslân", dy Jy for dit wirk ôfstien habbe. It Ternaerder Sjongselskip mei like greatsk wêze op hjar haedman, as it Fryske folk op it leat fen 'e âlde Halbertsma-stamme, dat sa „grien en krêftich dûrjend" útsketten is. Ik hoopje, det wy faek yette togearre for it libbene Frysk arbeidzje meije.

Ek in wird oan Jo, nommele, krigele Hear M. de Boer! In wird fen tank en djippe

*) Dit is it foarwird fen de 1ste útjefte. Hwer dêryn sein wirdt fen sommige sangen, jildt net mear for deselde nûmers, om't dêr gûds út- en ynbrocht binne. — Ek de nammen fen de meiwirkers komme net mear op it titelblêd foar.

heechachtinge. De snaren fen Jou harpe wierne yette fol klang, do 't ik dêr skruten freegjend tsjin oan kloppe. Sa suver wier de Noardske bâlke fen dy oare sjonger, dy yn syn âlde dagen gâns swiersettiger sangen driuwe liet oan 'e griene iggen fen Erin.

Yetteris: myn tank oan alle meiwirkers mei elkoar.

En jimme, Friezen en Friezinnen, sjong se folle en sjong se goed, de sangen, dy wy jimme hjirby yn hannen jowe. Der kinne nea net tofolle Fryske sangen komme; de goede allinne bliuwe biwarre; dêr gjin hert en gjin hâldfêst yn sit, dat wirdt ringen wei, mar it wiere en drege kin libje, soun as 't Fryske folk sels, det tûzenen fen jierren syn aerd en tael biwarre hat, ho ek fen alle kanten de ûndergong driichde. 't Hat wis nea sa faei net wêst as yn ús dagen, nou de wolfeart kwynt en de spoaren en tramweinen rounom hjar fluit en skille hearre litte. Scoe by dy muzyk de Fryske sang it op den dûr hâlde kinne? . . . . War jimme, Friezen!

# Friezen!

De Preker op it Bolserter Nut*) seit yn in petear mei Gabe Pibes, as hja it oer geskikte sankjes for it folk hawwe: „Mei in lietke, dat elts-en-ien noaskje scil, is it nau to hippen, it komt derby yet mear op de wize as op de wirden oan."

Ik scoe sizze, det dy Preker de woartel yn 't lid rekke. It stekt it folk nau, tige nau, binammen mei de wize. Op de moaiste ferskes wol it gjin mûle sette, as de wize net haget. Is dizze lykwols nei it sin, den is it net sa tier. Tink mar ris oan it smoarge túch, dêr 't in great part him op strjitte yet mei tofreden stelt.

Om de folkssang to forbetterjen, scil men dos slagje, as men op goede wirden passende wizen jowt en de útjowers fen it Nij Frysk Lietebock hawwe dit foar in foech tweintich jier ek field. Hwet hja do joegen, wirdt sont jierren yn in oarde útjefte amper allegear yetris frege en it wirdt hjar hjirmei oanbean. Inkelde stikken, dy't net faek ophelle waerden, binne weilitten en hawwe in plak romd for nije sangen, wylst sommige lietkes, dy't ien- ef twa-stimmich set wierne, nou op fjouwer stimmen steane.

Jongfolk, haw wille mei dizze oarde útjefte fen it boek, lyk as jimme âlden mei de earste kiene!
